## Life on Board

Life on board each of our five ships couldn't be simpler. You're free to do as little or as much as you wish so that your holiday is just the way you like it. Our dedicated crew members are passionate about providing a high level of service so that wherever you are on the ship - restaurant, spa or casino - everything is taken care of.

With a comprehensive [all inclusive package](#), there's no need to worry about your onboard spend. And when we say all inclusive, we mean it. Paying extra for things such as alcohol and exciting facilities is a thing of the past as all of this and more is included in the price you pay before you step on board. You can even upgrade your package to include a wide range of premium branded beverages. This allows you to indulge as much as you like without being brought back down to earth with a bump by a surprising bill at the end of your cruise.

With a keen focus on looking after the little ones; life on board is a family affair. You'll have no concerns about letting your children forge their own adventures as they get stuck into a wide range of activities in the kid's clubs, let off some steam on the sports deck or follow the bright lights of the games arcade. And once the family is back together, there are some culinary explorations to embark on in the many different dining areas.

Thanks to our Spanish crew members, your Pullmantur cruise will be an international affair. However, our multi-lingual staff speak excellent English and various tours can be arranged in your native tongue too. This, of course, also provides an opportunity to experience the Spanish zest for life and an all-round party atmosphere.

Just like [Empress](#) and [Monarch](#), the Sovereign cruise ship was previously part of the Royal Caribbean's ranks and served the operator for no less than 20 years. Having been built in 1988, she was transferred to Pullmantur prior to her maiden voyage as Sovereign (previously she was known as Sovereign of the Seas) in 2009.

Not only does she have great experience and classic seafaring charm, she's also had her fifteen minutes of fame. During her refurbishment in 2004 she was the subject of a TV programme which followed her renovation throughout her time in dry dock. Sovereign received another minor refit in 2008 when she first became part of our Pullmatur fleet; allowing her to proudly boast our livery wherever she goes.

With five different [restaurants](#) to choose from and a number of bars and lounges to relax in, there will be plenty of choice during your Sovereign cruise.

The whole family are welcomed aboard thanks to the excellent range of activities for younger travellers too. From the kid's and teen's clubs run by our passionate crew to the games arcade and the ping pong table; children are never an afterthought.

Sovereign spends most of her time cruising around the [Mediterranean](#), helping guests discover stunning ports like Kotor (Montenegro), Kusadasi (Turkey) and Olbia (Sardinia) which they may never have thought to visit.
